

**Careers information, guidance
and inspiration for young
people and their families**

Get Career Confident is a brand new careers guidance programme for schools in Brighton, Hove and the rest of Sussex.

However you're feeling about your or your child's future, Get Career Confident is here to help!

Get Career Confident is a brand new, free careers guidance programme supporting students, their parents/carers and teachers in Brighton, Hove and Sussex.

Follow our social media channels where we share news, hints, tips, reminders and how-to videos on topics such as choosing GCSEs, applying to college, understanding apprenticeships and university and getting your first job, as well as inspiring videos of local people talking about their careers.

In selected schools, we will be sharing videos during PSHE and tutor times to help teachers prepare and inspire students for their next steps and some students will also benefit from additional careers guidance interviews. So look out for us and join the Get Career Confident community!

If you have any careers questions we'd love to hear from you, so please get in touch and a qualified careers advisor will get back to you. Use the contact form on our website, send us an email to hello@getcareerconfident.co.uk or DM us on Facebook, Instagram or Twitter. You can also sign up to receive our regular newsletter at www.getcareerconfident.co.uk
